Aspire™ H50 Hedge Trimmer

18V BATTERY

KIT: 970 62 03-06 (incl 18-B45 Battery + 18-C70 Charger) | SKIN: 970 62 03-02

Easily shape hedges and bushes with the lightweight 18V Aspire™ battery hedge trimmer. Designed for small spaces, storage is made easy with the included hook. Double-action cutting blades, powerful motor and 50 cm long cutter bar that can handle branch thickness up to 23 mm. Designed with a smart leaf catcher to collect the hedge clippings whilst trimming to reduce clean up work. Ergonomic soft grip handle and improved safety with the automatic shutdown when left unattended. Part of the 18V POWER FOR ALL ALLIANCE battery system.

Technical Specs Snapshot

Battery	18V Li-ion
Motor Type	PMDC (2 brushed)
Knife Length	50 cm
Teeth Opening	23 mm
Recommended Maximum Twig Diameter	14 mm
Cutting Speed	2.800 cut/min
Sound Power Level, guaranteed (LWA)	97 dB(A)
Weight (excl. battery)	3.1 kg

Compact Size

Compact size and low weight to improve manoeuvrability. Features innovative technologies to increase the machine's capacity and efficiency while consistently delivering great results in your garden.

Intuitive Handling

Sleek black design complemented by orange details that intuitively guide you to all interaction points. Improved ergonomics, like adjustable handles, and robust materials help you take on any garden project with ease.

Leaf Catcher

Removable leaf catcher automatically catch leaves as you trim and easily adjust the tool-less removable fin to steer hedge waste. Guaranteed Husqvarna quality for intuitive use and easy maintenance.

User Friendly Interface

Easily turn your machine on and off with the push of a button. Conveniently view the battery status of your tool directly on the display so you can plan your tasks effectively and only charge when you need to.

Low Noise Levels

Low noise levels enable longer working hours and the possibility to work mornings and evenings without disturbing your neighbours.

18V Power for All Alliance

Powered by the 18V POWER FOR ALL ALLIANCE battery system. Available in two sizes, these batteries have been optimised for Aspire™ tools for improved power, efficient runtime and balanced weight.

Aspire™ T28 Grass Trimmer

18V BATTERY

KIT: 970 62 02-09 (incl 18-B45 Battery + 18-C70 Charger) | SKIN: 970 62 02-02

This 18V battery trimmer with a dual trimmer line gives perfect edges with high efficiency. Designed for small spaces, storage is made easy with the included hook. The loop handle and telescopic shaft can be adjusted for a comfortable working position. Enjoy smart features like Auto-feed to ensure optimal trimmer line length while working, metal plant guard to protect flower beds and trees and improved safety with the automatic shutdown when left unattended. Part of the 18V POWER FOR ALL ALLIANCE battery system.

Technical Specs Snapshot

Battery	18V Li-ion
Motor Type	PMDC (2 brushed)
Maximum rpm output shaft	6.800 rpm
Cutting Width	28 cm
Tube Diameter	35 mm
Product Size Length	156 cm
Sound Power Level, guaranteed (LWA)	88 dB(A)
Weight (excl. battery)	2.6 kg

Compact Size

Compact size and low weight to improve manoeuvrability. Features innovative technologies to increase the machine's capacity and efficiency while consistently delivering great results in your garden.

Intuitive Handling

Sleek black design complemented by orange details that intuitively guide you to all interaction points. Improved ergonomics, like adjustable handles, and robust materials help you take on any garden project with ease.

Telescopic Shaft

Equipped with an adjustable telescopic shaft, means you can adjust the length to fit your needs for a more comfortable working position. And when the job is done, simply reduce shorten the shaft for smarter, more compact storage.

Dual Lines

Boost efficiency with the auto-feed dual-line trimmer head for faster, precise cutting. It automatically feeds the line upon start and during use, ensuring perfect results and optimal performance in every trim.

Auto Feed

The Husqvarna Trimmer Head A15B provides automatic dual-line feed for even trimming results. Ideal for both trimming and edging, it's the ultimate choice for versatile and effortless use.

18V Power for All Alliance

Powered by the 18V POWER FOR ALL ALLIANCE battery system. Available in two sizes, these batteries have been optimised for Aspire™ tools for improved power, efficient runtime and balanced weight.

Aspire™ S20 Shrub Shears

BATTERY

Product no: 970 71 66-02 Skin only / 970 71 66-07 Kit: Incl 18V Battery + Charger

Multi-purpose tool for precision grass trimming and shaping of bushes. Aspire™ shrub shear is a battery-powered multi-tool for precision garden tasks like trimming grass edges and shaping bushes and hedges. Benefit from the powerful motor and high cutting speed that enables fine cuts to remove grass around delicate growth, and easily change attachments without using any tools. The battery is compatible with the 18V POWER FOR ALL ALLIANCE system, resulting in optimal flexibility since one battery can be used for several tools and brands.

Technical Specs Snapshot

Battery	18V Li-ion
Motor Type	PMDC (2 brushed)
Knife Length	20 cm
Teeth Opening	8 mm
Cutting Speed	2.800 cut/min
Weight (excl. battery)	1.2 kg
Product size length	52 cm

Multi-functional Precision

Multi-functional precision through high cutting speed and accessories for grass trimming and shaping bushes and hedges.

Tool-less swap

Switch between grass trimmer and hedge trimmer attachment without using tools.

POWER FOR ALL ALLIANCE battery system

The 18V POWER FOR ALL ALLIANCE battery system is optimal for home and garden tasks. One battery can be used for several tools and gardening brands, which allows great flexibility and less storage.

Compact Performance

The compact size and low weight of every Husqvarna Aspire™ product improve manoeuvrability and boasts an impressive amount of Husqvarna innovative technologies — all to increase the machine's capacity and efficiency.

Aspire™ User-friendly Digital Interface

A digital user interface that lets you easily turn your machine on and off with the push of a button.

Husqvarna Connect

The smart Husqvarna Connect app gives you easy access to helpful tips, manuals and spare part recommendations. The app can be downloaded, free of charge, from the App Store or Google Play.

Aspire™ LC34 Lawn Mower

18V BATTERY

KIT: 970 64 83-04 (incl 18-B72 Battery + 18-C70 Charger) | SKIN: 970 64 83-02

This 18V battery lawn mower is easy to use, store and carry. Designed for small spaces, it folds to a handy size and is stored vertically on the floor or wall with the included hook and detachable collection bag. Easy to start and navigate the narrow passages of your lawn, with an adjustable handle for a comfortable working position. Since it is lightweight and foldable, with a carry handle, it is easy to move between your front and back garden. Part of the 18V POWER FOR ALL ALLIANCE battery system.

Technical Specs Snapshot

Battery	18V Li-ion
Net Power at preset rpm Energy	0.5 kW
Net Power at preset rpm	3,000 rpm
Drive System Weight	Push
Cutting Width	34 cm
Cutting Heigh, min - max	25 - 65 mm
Cutting Methods	Collection / BioClip®
Collector Volume	30 L
Weight (excl. battery)	11.0 kg

Compact Performance

Compact size and low weight to improve manoeuvrability. Features innovative technologies to increase the machine's capacity and efficiency while consistently delivering great results in your garden.

Power Boost

Automatic increase of blade speed when mowing in tough condition means extra power when needed.

Central Cutting Height Adjustment

Quick and easy adjustment of the grass cutting height. One lever controls the whole deck.

Telescopic Handle

Easily adjustable handle height for better ergonomics.

Compact Storage

Adjustable, foldable, collapsible and detachable parts — for easy storage and transport. Using the tailor-made hook included in every package, you can choose to store directly on the wall or hang on wall-mounted storage rail.

18V Power for All Alliance

Powered by the 18V POWER FOR ALL ALLIANCE battery system. Available in two sizes, these batteries have been optimised for Aspire™ tools for improved power, efficient runtime and balanced weight.
